

GULF WESTERN OIL
THE TOUGH AUSTRALIAN

WATER BASED DEGREASER

SOLVENT FREE, WATER BASED DEGREASER

DESCRIPTION

Water Based Degreaser is a safer, biodegradable alternative to common solvent based degreasers. This powerful, industrial strength caustic degreaser formulated for the rapid and safe removal of grease and oils whilst minimising environmental impacts. Quick break formulation allows for the rapid separation of the solution from oils and grease after the cleaning has been completed.

SUMMARY OF BENEFITS

- Easy to use, brush or spray on
- Fast acting (5 minutes)
- Environmentally friendly
- Non-flammable
- Low concentration required for light to medium degreasing applications
- Safe for rubber seals and painted surfaces

APPLICATION

Product may be applied by brush or spray.

1. Brush/wipe excessive dirt of grease from the area to be cleaned.
2. Brush on or spray the degreaser
3. Wait 5 minutes for the degreaser to penetrate and soften greases and dissolve oil products
4. Wash off with water
5. Re-apply degreaser to remove stubborn materials

For heavy soiling or heavy grease and oil loads, use 1:5 dilution in water

For medium soiling use 1:10 to 1:15 dilution in water

For light soiling and general cleaning application use a 1:15 to 1:30 dilution in water

Avoid contact of neat Water Based Degreaser with unprotected polished aluminium, magnesium and alloys.

STORAGE

All packages should be stored under cover to avoid the possible ingress of water and the obliteration of drum markings. Products should not be stored above 60°C.

HEALTH, SAFETY AND ENVIRONMENT

Health, safety and environmental information is provided for this product in the relevant Materials Safety Data Sheet, which can be obtained by contacting Gulf Western Oil on: 02 9673 9600.
